

# PUBLIC LEADER

FOURTH YEAR.

MAYSVILLE, KY., TUESDAY, APRIL 2, 1895.

ONE CENT.

**LARGEST IN THE CITY.**

## Purely Business!

The columns of a newspaper represent a cash value. No publisher affords to give advertising notices free any more than a merchant is willing to give his goods for nothing. The advertiser is a business concern. His columns are his stock in trade. His advertisements should be paid for, and matter in what part of the paper they appear.

## The Continued Calls

upon The Leader for free notices have become so burdensome that we are forced to publish the following terms:

## For Notices of Suppers.

Excursions, fairs, or other public entertainments where a fee is charged, and for ordinary notices, read of the paper, etc. The Leader will charge five cents a line, and hereafter this will be the invariable rule. This, however, does not include:

## Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

## Avoidance of Disputes.

Misunderstandings are unpleasant. The safe for business is in The Leader is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local insertion. He pays for it. "I tell you when to take it out," he says to the bookkeeper. But the bookkeeper forgets all about it. The notice runs for two months—50 times—the bill is \$10.25. When he finds it out there is a "kick" and a controversy. To avoid this trouble, the following notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

For all matter for publication must be handed in before 9 o'clock in the morning of each day.

IF you have friends visiting you, or if you are going on a visit, please drop us a note in this effect.

Miss Lou Poulton and Miss Anna King are in Cincinnati.

Miss Alice Taylor Gill returned last evening from Danville.

Squire A. J. Gorham of Lexington was in the city yesterday.

Thomas D. Roby of Nepton has been granted a pension.

There is no change in the status of the snailpots at the Peters farm. The two children of Travis, whose illness was reported in yesterday's LEADER, had not developed the disease at last accounts.

As will be seen from notice elsewhere, the firm of Blattnerman & Power has been dissolved by mutual consent. Mr. L. C. Blattnerman retiring. The business will be continued by Mr. William F. Power, who will be pleased to see all the friends and patrons of the old firm, assuring them of courteous attention and fair dealing.

The Mayfield Mirror bemoans the fact that there is no law to punish "green-goods" workers who succeed in duping people. The Mirror should also regret the fact that there is no law to punish the poor, down-trodden farmer who goes into the snare to work his neighbors and honest citizens of the community in which he resides.

It is a very rare occurrence that a Catholic ever becomes a Protestant, but Patrick Furnish is an exception. Down there the other night Monk Alexander Sylvio Joba of the Dominican Order professed Christian faith at a Methodist Church and made several interesting talks on religion. He was formerly a Priest at Columbus, O., and is just 28 years old, having been ordained under a special dispensation, but afterward excommunicated.

**THE PATIOTIC GIRL.**

With rosy cheeks,  
And manner meek,  
And eyes like jewels gleaming,  
A form of grace,  
A winsome face,  
With love's sweet fervor beaming,  
Or herself a show distress her:  
A vision of bliss,  
Of purity  
The Yankee girl—God bless her.  
—Lord and Piers Doler.

A warrant is out for the arrest of a Detroit preacher for stating in the pulpit that the election of a certain candidate for Police Justice would be a public calamity. WILL MEET HERE!

THE KENTUCKY DIVISION OF AMERICAN WHEELMEN.

MAYSVILLE WILL HAVE THREE HUNDRED VISITORS FOR SEVERAL DAYS IN JUNE.

They'll be here! Not less than three hundred strong! With many ladies in the party! They will remain several days! And Mayville must suitably entertain her guests!

As already announced in The LEADER, the Kentucky Division of the League of American Wheelmen will hold their next meet in this city.

The date has been fixed for Thursday and Friday, June 13th and 14th.

Of course our guests will begin arriving earlier in the week, but the above dates have been fixed for the races at the Trotting Park.

The meet is one of more importance than might be generally supposed.

The Kentucky Division is composed of many representative men—men who stand high in the business, professional and social scale.

Their presence will be an honor to our city, and Mayville must sustain her already high reputation for hospitality.

A definite program will be arranged in a few days, and it is safe to say that our citizens will be afforded an enjoyable time.

At a meeting held in the parlors of the Central Hotel last evening the preliminaries were arranged, and Messrs. J. W. Fitzgerald, Thomas A. Keith and Thomas M. Russell appointed a Committee on Finance.

Several merchants have already signified their interest in the matter by tendering subscriptions, and others will contribute handsome prizes to be contested for in the races.

In addition to the three hundred wheelmen who will come and remain for several days, it is safe to say that during race-days many hundreds of visitors will be attracted from this and adjoining counties—and a thousand strangers in Mayville for two days will mean a good deal to the stores and shops.

Several cities in Kentucky made an effort to secure this meeting, and Louisville wanted it bad; but Mayville has been honored with the choice, and Mayville will not go back on her past glorious record.

Mayville is in Kentucky, gentlemen!

F. Devine sold for William Ort a house on Front street, Fifth Ward, for \$650 to Mrs. Vogel.

REV. PELTON'S HIDE.

"A city official, who comes into town over the Little Miami every morning, tells a story on Rev. Pelton that came to him from the Conductors on the train. Rev. Pelton's home is in Milford, and the Little Miami brings him to the city. He has been in the habit of buying his ticket at Milford to Carroll street, Columbia, which is 15 cents cheaper than to the end of the line. But the Conductors noticed that Mr. Pelton didn't always alight at Carroll street, and finally they called his attention to it. He pays fare for all the way now."

## AMERICA FOR AMERICANS

MCKINLEY AND WILSON ABROAD.

In 1890 William McKinley was buried in glory in the English manufacturing city of Sheffield; but in 1894 William L. Wilson was buried in London because he is the author of a Free-Trade Tariff Bill. These are significant facts.

## THE SILVER PROBLEM.

Commercial Gazette.

Farmer Anderson has two thousand bushels of wheat.

Mr. Jones has a thousand dollars worth of silver bullion.

Mr. Anderson's wheat is worth in the market \$1,000.

So is Mr. Jones's silver bullion.

Mr. Jones goes to Philadelphia, takes his silver to the mint and has it coined into two thousand nine, fine, pretty silver dollars.

When Farmer Anderson brings along his thousand dollars worth of wheat, Mr. Jones buys it, paying him \$1,000—and he has \$1,000 left with him to buy the wheat of the next farmer that comes along.

This is free coinage. Some people are sure that all the farmers in the country are shouting for it.

We should see a good many strange things in this country if the silver people should have their way.

The State Department is investigating the case of ex-consul Walker in Madagascar, and if the facts turn out as reported France will be asked to explain.

It is understood that the effort to secure a new international commission for the consideration of the seal question, with a view to preventing an entire annihilation of the species, will be revived at the beginning of the next session, when it is believed that Congress will be favorably disposed toward action.

The Civil Service Commission has decided that the employees in the Census Office are within the classified service. The question was a disputed one for some time, but the Commission holds that as the census exists no longer as a bureau, but merely as a division of the Interior Department, the ninety clerks now engaged on the force are entitled to the benefits of the Civil Service Law. All of which doesn't amount to a hill of beans if the head of the Department chooses to remove them in favor of some grog Democrat.

An idea of the effect of the Gorman Tariff upon American labor and industries can be gained from the total number of invoices that passed through the office of the Appraiser of Merchandise at the port of New York. The American Economist says that during the six months, from August, 1894, to the end of February, 1895, the Appraiser's Department of the Customs house passed upon 125,117 invoices as compared with 97,041 during the corresponding six months a year earlier, as follows:

NUMBER OF INVOICES RETURNED.

1894 and 1895 and

Month. 1894. 1895.

September. 17,650. 19,362.

October. 16,136. 21,139.

November. 15,882. 19,056.

December. 15,559. 21,948.

January. 14,063. 20,975.

February. 15,362. 19,822.

Total. 97,041. 125,117.

It is seen that the largest increase was in January—over 50 per cent.—but in each and every month there have been from 2,000 up to 5,000 more invoices of foreign goods entered at the New York Customs house than there were before the Gorman Tariff became law. This is the law which, it is pretended by the Free-traders, would benefit Americans, but the American wage earners have yet failed to realize where the benefit comes in.

## Where Water is Bad

It should not be drunk unless proper precautions are taken. More diseases arise from drinking impure water than people imagine and yet in the act of getting their water to absorb the dangerous fluid. If you have any doubt—if you are travelling—if you move to a new locality—take no risks but put a teaspoonful of

## Brown's Iron Bitters

in the glass of water, as it makes it healthy and palatable.

On a journey it is always of promise suit to drink much water—take Brown's Iron Bitters along—some people would not start without it, for it keeps them in health.

Look for crossed Red lines on the wrapper.

BROWN & CO., BALTO., MD.

A pretty Swede got \$5,000 damages in a breach of promise suit against a Chicago railroad man.

Prince Bismarck's physician expresses the belief that he will be able to keep the old statesman alive another ten years.

Mrs. C. Spauld Krue, widow of a Baltimore lawyer, left \$93,000 as a legacy to the Episcopal Diocese of Maryland.

The rise in the price of silver is due to the termination of the Chinese-Japanese War and to the belief that China's indemnity will be paid in silver.

The rafts are about 150 feet long, and cannel and soft coal are piled on them to the depth of about three feet. The greater part of the coal has been contracted for by mills and coal dealers along the river.

It is predicted that a great deal of coal from isolated mountain mines will be brought down on timber rafts in the future.

## BLOODY DEED.

A Mother Takes the Lives of Her Two Children.

She Poisons the Boy and Cuts the Throat of the Girl.

The Woman Then Starts for the River With the Intention of Committing Suicide, But She Changes Her Mind and is Arrested—No Doubt Crazy.

COLUMBUS, O., April 2.—Two small children were found dead in bed in a room in the Park hotel Monday afternoon. The girl's throat was cut and the boy poisoned. On Saturday a neatly dressed woman came to the hotel and registered as Mrs. H. B. R. Williams and children. Grove City, O. The children were Harry Williams, aged 7; Maud Williams, aged 12, and Annie, aged 13. They were the two younger children who were found dead. They were assigned to a room with two beds. Annie and her mother occupied one of the beds and the two younger children the other. Some time during the night, it is supposed, Mrs. Williams murdered the children and covered their bodies with the bedding.

Annie Williams says her mother left the room at about 8 o'clock Monday morning, but before going told her not to go near the bed in which her brother and sister were sleeping. She obeyed, and so it was not until the chamber maid came into the room to make the beds that the tragedy was discovered. At the foot of the bed a bloody razor, with which the girl had been slain, was found. Maud was lying on her face, with a gash in the back of her head. There was evidence that she had struggled for life.

W. H. Williams, husband of the woman who did the bloody work, is an oil salesman, with an office here, and though for several years he has lived in Grove City, a suburb about twelve miles south. He was brought to the hotel soon after the discovery of the bodies, and refused to talk about the matter, and would not permit his daughter Annie to tell what she knew. Mrs. Williams is about 40 years old. Acquaintances say they never knew of any trouble in the family, and she seemed to be of sound mind. The Williams formerly lived in Cleveland.

Mrs. Williams was arrested Monday night at the home of a friend, Mr. Lester, at 1161 1/2 South High street. She told most composedly the story that her husband had compelled her to live at Grove City amid uncongenial surroundings and had otherwise mistreated her, and she decided to take her own life and that of her children. Mrs. Williams says that she left the Park hotel with the intention of jumping into the river but upon second thought decided that her daughter Annie, who was spanned, might be charged with complicity, and she decided to wait until Tuesday, give herself up and explain the affair and then suicide. She is evidently deranged.

## The Women Voted.

ATHENS, O., April 2.—Mrs. Mame E. Peters, wife of Attorney W. E. Peters, was the first woman to vote in Athens. Her ballot was cast in the south precinct a few minutes before 6 o'clock Monday morning. Mrs. George I. Patterson was the first woman to vote in the north precinct. Up to noon eleven women had voted in the south precinct, and twenty in the north precinct. The prospects were good for the election of the two lady candidates for school board.

## Republicans Win at Akron.

AKRON, O., April 2.—The republicans of this city Monday elected every candidate on the city ticket, six out of seven councilmen and eight members of the board of education. Among the latter were two women, Mrs. Margaret Sadler in the Second ward, and Mrs. Frances Allen in the Third. In the First ward, Dr. Katharine Jones was defeated by George W. Weeks, republican, by 500 votes, although she was placed on three different tickets. Massillon Municipal Election. MASSILLON, O., April 2.—The election Monday resulted in a sweeping republican victory, every man and woman on the general ticket being elected, except one, or married woman Harry Markel was elected by a plurality of 194. The republican pluralities ranged from 729 to 16. The popular vote was a stiff fight. Carl Browne, the commonwealth, received 505 votes.

## Death Came Suddenly.

## OFF FOR BLUEFIELD.

Admiral Meade's Fleet Will Make Its Appearance There Soon.

WASHINGTON, April 2.—There is high authority for the statement that the announcement sent out from the navy department that letters from Admiral Meade's officers and men would be forwarded to Colorado from New York on April 10 is made for the purpose of covering the real destination of the fleet.

The fleet, instead of proceeding leisurely to Colon and waiting there for letters and dispatches, will proceed with all haste to Bluefields, and will there present a show of force more formidable than any which has been made by American naval vessels in Central American waters.

Admiral Meade's squadron now contains seven men-of-war, the New York, the Cincinnati, Columbia, Atlanta, Raleigh and Minneapolis, while the Montgomery will join these at Bluefields. The Ranger is about due at Panama, on the Pacific side of the isthmus, and the Monterey, which has been ordered from San Francisco to Callao, will stop at Panama for coal. This concentration of forces is the most aggressive step taken by the administration toward the upholding of the Monroe doctrine.

## PRICE OF SILVER DECREASED.

WASHINGTON, April 2.—The director of the mint Monday declared that the average price of silver during the quarter ended January 1, 1895, to have been .6297 cents per ounce, and during the quarter ended March 31 sixty-one cents per ounce. The declared price, as announced Monday, is therefore .6197 cents per fine ounce less than at the beginning of the year.

## AS BAD AS DEATH.

WASHINGTON, April 2.—It is said at the Japanese legation that the young Japanese who shot Li Hung Chang probably will be sent to the mines of Northern Japan, to serve his life sentence. The locality is much like Siberia, and a sentence there is dreaded by the Japanese as little short of death.

## TO PROSECUTE COL. COIT.

Fayette County Employs the Hon. Ulrich Sloane to Represent It.

WASHINGTON, C. H., O., April 2.—At the request of the commissioners of Fayette county, Judge Cyrus Newby has appointed the Hon. Ulrich Sloane, the distinguished criminal lawyer, to assist the prosecution in the cases against Col. A. R. Coit, growing out of the courthouse riot. The cases will be tried in Pickaway county, a change of venue having been secured on the application of the defendant.

Mayor Major Re-Elected.

TOLEDO, O., April 2.—At midnight returns had been received from thirty-seven of the sixty-eight precincts in this city, showing a plurality for Park Hone the democratic candidate for mayor, of 545, where last fall the republicans had 2,053. This indicates Mayor, republican candidate for mayor, and Martin, republican candidate for police commissioner, are beaten. The remainder of the republican ticket will be elected by pluralities ranging from 500 to 2,000. The boards of councilmen, aldermen and education are probably republicans. None of the women candidates for the board of education were successful.

LATER—Mayor Major, republican, is elected by 5,000 votes.

Republican Ticket Elected in Cleveland. CLEVELAND, O., April 2.—The entire republican ticket is elected by pluralities ranging from 3,000 to 4,000. None of the women candidates for the board of education were successful. The woman candidate for school council on the republican ticket, runs behind, but will have 3,500 plurality. The woman vote was as the democrats had been anticipated, but bad weather keeping many of them at home. The city council is republican.

Women Badly Defeated.

SALINA, O., April 2.—The election here Monday was a surprise. The women made a hard fight for their candidate for school board, but were overwhelmingly defeated. Mrs. Robt. Campbell and Mrs. Dr. T. T. Church, who were nominated on the republican ticket, declined. The democrats, popularly known as the "Buckeye" party, were victorious. Mrs. M. L. Edwards and Mrs. Mary Forehand as their candidates, but as the city was largely republican, they were badly defeated.

Democratic Ticket Elected at Middletown.

MIDDLETOWN, O., April 2.—The election passed off quietly here. About one hundred women took advantage of the opportunity presented and cast their ballots for the first time in their history of that of the state. The result is highly satisfactory to the democrats, from the fact that the head of their ticket made an unprecedented sweep. F. S. Tazny being elected mayor over R. B. Root, the present incumbent, by a majority of 410.

The Election at Canton, O.

CANTON, O., April 2.—At 11 o'clock twelve precincts out of twenty-two gave a great repulse, for mayor, over Rice, a fifty plurality. At this ratio of gain for Rice he will win at a narrow margin. The balance of the republican ticket—Weber for city solicitor, Reed for marshal, Johnson for water works trustee, five out of seven councilmen—will be elected by handsome majorities in one of the hottest political contests ever known.

## ABAD BOILER

Explosion in a Massachusetts Leather Factory.

Five Workmen Killed Outright and Five Others Badly Injured.

The Timbers of the Building Were Hurled Into the Air—Had the Accident Occurred Two Minutes Later the Loss of Life Would Have Been Greater.

Worcester, Mass., April 2.—The residents of Worcester, Mass., one of the most thickly settled portions of the city, were startled Monday morning by a loud report, which shook windows and caused everyone to rush out of doors.

At the same moment huge pieces of timber were thrown into the air and across the street in front of Loring & Jones' leather factory.

At 6:58 o'clock the men in the factory were preparing for work, the boiler in the engine room at the northeast corner of the building, exploded with tremendous force, tearing out the end of the building and hurling in the ruins at least a dozen men. The huge chimney, which was over 80 feet high, came down with a crash.

As quick as a flash a great alarm was rung in, immediately followed by a general alarm, which summoned the whole department. At the same time telephone messages were sent to the police station for doctors. The force of the explosion was such that one of the boilers was thrown clear across a street, partition into the main part of the building.

Killed—Austin Clements, foreman; Patrick Lally, Patrick McConzie, Frank McMahon, Patterson.

Injured—Who were removed to the adjacent residences and cared for, are as follows: Patrick Kelly, John Kenny, John Tracey, Patrick O'Keefe, Octavio Saunders (colored).

The efforts of the firemen were directed to the fire which had broken out, but the work of the fireman was thus rendered easier. The thick timbers of the structure were hurled in such a manner that it was a difficult matter to remove them. The factory is one of the oldest in the city.

It was originally built by Horace Conn and has been successfully operated by Henry & King, Loring & Jones and now by the present owners.

Had the accident occurred two minutes later the loss of life would have been much more serious. It is impossible to tell at this hour just how many are dead or missing.

The cause of the explosion has not yet been determined.

## NO DECISION

Rendered on the Constitutionality of the Income Tax.

Washington, April 2.—The United States supreme court today rendered the decisions for the day and did not decide the income tax case. The only opinion of importance read was one opinion applying to the estate of August Bergman, a New Jersey murderer under death sentence.

It is seldom that so large a crowd gathers in the little court room as was present Monday. There was a remarkably large array of legal lights within the bar of court while the little space reserved for the public was so crowded that further admission was denied.

There was a great deal of comment on the delay in the decision and it was taken to mean that it might favor the law and then again others claimed that it was a sign of delay.

The delay, however, has weakened the opinions of those inclined to hold the latter view and it looks like the court is trying to decide the points in dispute and that the main opinion will sustain the law at least so far as to allow the government to collect some of the revenue it has.

## THE PULLMAN COLONY

CHICAGO, April 2.—The committee to select a site in the south for the Pullman colony has been secured and organized into the Mutual Colonization society, left Monday to visit the places for consideration. Tracts of land near Harrison, Tenn., Bell and Sullivan, La., and other points will be inspected.

The membership of the colony is increasing rapidly, and as soon as a site is selected the movement of families is expected to begin.

Bellamy, of the posse, received serious wounds. Four moonshiners escaped.

The capitalists for whom this mill is to be built are residents of Massachusetts, Petersburg and Weldon.

The visit was merely a formal affair.

## THE TRUST SUED

For the Capital Profits Lost in the Stock Market.

CHICAGO, April 2.—Attorney Herdick, on behalf of the receivers of the Whiskey trust Monday morning filed in the United States court a petition asking that the stockholders be reimbursed for larger sums said to have been their due on account of the extra profits which would have been secured from stock contracts let at a low figure to Nelson Morris by the Greenwalds.

The petition would have been argued to feed cattle during the period covered by the contracts.

## FOREST FIRE VICTIMS.

Flames in Kentucky Claim Both Lives and Property.

BOWLING GREEN, Ky., April 2.—Two lives are reported to have been lost by the forest fires in this county and one in Grayson county. Near Hadley, in the western part of this county, about 500 acres of timber have been burned over and the homes of Henry Elder, John Smith and John Walters were destroyed.

The families escaped on horses, but Henry Elder was fatally burned and a Negro farm hand perished on the flames.

News was received here that Mr. Edwards, colored, was burned to death while fighting fire near Annetta, in the southern part of the state, where a large area of timber has been burned.

The women voted in large numbers for members of the board of education. William Thompson was the first woman voter here. She waited at the polls and voted immediately after the opening declaration. She voted a straight republican ticket.

## BISMARCK.

Honors Paid the Old Chancellor in the German Empire.

Thousands of Students and Others Visit Him at Friedrichsruhe.

Special Trains Arrive From All Parts, Thirty-Six Coming From Hamburg Alone—Bismarck's Room Heaped With Presents, Flowers, etc.

FRIEDRICHSMUEHLE, April 2.—After a biting cold night everything was white with hoar frost Monday morning, but the sun shone brightly on the tourists. Detachments of students poured into Aumuehle and crowded special trains arrived from all parts, thirty-six coming from Hamburg alone. The beer booths were thronged with thirsty visitors.

Prince Bismarck slept late, and no music or other loud sounds were permitted within hearing distance of the castle until he arose. Nightstewards crowded approaches to the castle gates, and only members of the press under the guidance of Chief Forester Lange, were admitted to the park.

Some of the factious ones persisted to see Prince Bismarck's rooms, which were heaped with presents.

Hundreds of bouquets, the gifts of a number of members of the executive committee who acted in concert to surprise the prince, were sent to the castle Monday morning, together with numerous laurel and oak leafed with red roses and the German colors attached, and bearing mottoes and inscriptions in memory of April 1.

These were hung from the branches of the trees around in front of the castle and upon the veranda, and added greatly to the festive appearance of the place.

Prince Bismarck arose at 9:45 feeling vigorous and refreshed. Dr. Schweigenberg was the first to congratulate him and presented him with a bouquet of roses. The prince proceeded to the morning room, where the members of the family were assembled. Each member of the family had a gift of flowers. Dr. Schweigenberg gave him a cask of Pschorr beer.

Prior to the reception of the students by the ex-chancellor, Prince Bismarck gave an audience to a delegation of university professors. He also received a delegation of officers of the Seiditz regiment, which the prince has colonel, a number of representatives of the senate of Hamburg and other departments. The prince briefly thanked each delegation for their congratulations.

The students reached the park at 12:30 p.m. and took their places in the front of the veranda.

At 1:05 o'clock Prince Bismarck appeared. After the cheering had subsided, the students addressed the prince. Bismarck was read as follows:

"Upon this happy day, when all Germany is resounding in jubilee, it is the duty of the German students to present their homage to your highness. With thankful hearts the students recall the anniversary of the man who raised the standard of free thought and the glorious heritage of a united and powerful empire."
